HB 2292 - SB 2468

February 16, 1998

SUMMARY OF BILL: Requires each entity of state government that is subject to the requirements of Title IX of the Education Amendments Act of 1972 to develop Title IX implementation plans. Requires each entity of state government to submit annual Title IX compliance reports and implementation plan updates to the Department of Audit annually. The Department of Audit must publish a cumulative report of its findings and recommendations. Requires the Comptroller to study what special actions should be taken by state entities to implement the requirements of Title IX. Any increased costs incurred by state entities as a result of this requirement shall be paid from federal funds.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - Not Significant

Assumes the required plan would not have additional reporting requirements by entities beyond those currently being included in the Title IX plan prepared for the federal government. Also assumes that the Comptroller can meet the requirements of the bill within existing resources.
